CERTIFICATION OF NON-COLLUSION BY BIDDER

(1) The prices in this bid have been arrived at independently, without collusion, consultation, communication, or agreement for the purpose of restricting competition as to any matter relating to such prices, with any other bidder or with any competitor.

(2) Unless otherwise required by law, the prices which have been quoted in this bid have not knowingly been disclosed by the bidder and will not knowingly be disclosed by the bidder, directly or indirectly, to any other bidder or to any competitor, before the time of the bid opening.

(3) No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a bid for the purpose of restricting competition.

A bid shall not be considered for award nor shall any award be made where (1), (2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (1), (2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the Town Clerk of the Municipality to which the bid is made, or his/her designee, determines that such disclosure was not made for the purpose of restricting competition.

(4) The fact that a bidder (a) has published price lists, rates, or tariffs, covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items, or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph (1).

(5) Any bid hereafter made to any public authority or to any official of any public authority created by the State or any political subdivision, by a corporate bidder for work of services performed or to be performed or goods sold or to be sold where competitive bidding is required by statute, rule, regulation, or local law, and where such bid contains the certification referred to in the lead paragraph of this section, shall be deemed to have been authorized by the board of directors of the bidder and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation/partnership/individual.
